

SmartComEx

SmartComEx is an end-to-end solution good for companies that needs an encrypted and secure communication and in need for direct communication with their employees or branches across the globe.

SmartComEx is provided as branded user-friendly mobile application supports Video, Voice, Voicemail, SMS and Chat. SmartComEx is distinguished from other calling apps like Viber, Tango etc... through its ability to serve Call Centres, offering routing to the next available agent; administrators (Managers) are able to monitor the whole communication including calls, SMS, chat, etc... with ability to send FREE Bulk SMS, or even automated service reminders to the clients.
